# SUSQUEHANNA SUMMER SOLSTICE FEST

## OUR JUROR

**Rob Evans** is an artist and independent curator who lives and works near Wrightsville, PA. He received a BFA from Syracuse University in 1981 and has been awarded numerous grants including two fellowships from the Pennsylvania Council on the Arts, and a prestigious fellowship from the Pollock-Krasner Foundation.

We are very pleased to have an esteemed artist such as Rob as our juror for this year's SSSF. In fact, he may be just the perfect person to select the award winners as he's spent a good part of his career painting the Susquehanna River as well as curating museum exhibits about the river.

Rob's pastel and oil paintings of the river capture a beautiful and often moody essence of twilight along the southern stretches or the Susquehanna. His articulation of light on clouds and atmosphere is particularly noteworthy.
